

We may be calling you

To **protect your account**, we monitor your ATM and Check Card for any potentially fraudulent activity. If we suspect something out of the ordinary *we will call you* to validate that transaction.

Here's how it works:

- Our automated call will ask you to verify recent transaction activity on your card.
- You will be able to respond via your touchtone keypad.
- You will also be provided a toll-free number to call should you have additional questions.

Our goal is to minimize your exposure to risk and the impact of any fraud. To do this, please keep us updated as to your correct phone number and address. Be diligent in monitoring transaction activity on your account and contact us immediately if you identify any fraudulent transactions. **Your PIN number is private. Never give it out.**
